The Indigo Sub features a sculpted fibreglass enclosure with a clean, modern aesthetic, making it well suited to style-led environments. Its form allows it to integrate easily into interior spaces compared to traditional subwoofer designs.

Designed to pair with the Indigo 6 Pro, the Indigo Sub extends system performance to deliver a full-range solution. It can also be used as a compact subwoofer for fill applications in large venues or alongside existing systems.

The Indigo Sub can be used as a standalone unit or as part of a system, with an optional Indigo System Bracket available for mounting the Indigo 6 Pro above the subwoofer.
